Global Transport and Logistics

Sea-Air process explained:

With this optimal combination of time and cost, we transfer cargo **through Dubai from Asia and the Indian Subcontinent to Europe, Africa, North & South America and Oceania**. Moreover we can cater to a multimodal traffic **from Europe and Africa into the APAC region** as well.

This is how it works:

Usually, SEA-AIR shipping process contains the following steps:

- | | |
|--|---|
| 1. Pick up from the factory | 7. Transportation to the airport through the bonded network |
| 2. Transportation to the sea freight terminal | 8. Segregation at the airport acceptance dock |
| 3. Container loading | 9. Departure to respective destination |
| 4. Sea freight | 10. Clearance at the destination |
| 5. Arrival and discharge at the Jebel Ali Port | 11. Final delivery |
| 6. Inbound clearance | |
